<https://github.com/PrakashSelvadurai006>

## EDUCATION :

**B.Tech Information Technology**

**CGPA : 7.67**

Vel Tech High Tech Dr.Rangarajan  
Dr.Sakundhala Engineering College

**HSC**

**Percentage : 74**

Tagore Matric Hr Sec School

## CERTIFICATION:

- Programming in  
java(NPTEL)

## AREA OF INTEREST :

- Software Development
- Frontend Development
- Database Management
- Machine Learning

## PROFESSIONAL SKILLS :

- Flexibility
- Adaptability
- Teamwork
- Time Management
- Leadership
- Problem Solving

## CAREER OBJECTIVE :

Seeking a Product Development role to apply my technical and problem-solving skills in building efficient, user-focused products. Passionate about learning new technologies and contributing to innovative solutions. Eager to grow professionally while supporting organizational success.

## TECHNICAL SKILLS :

- Programming Languages :Java,SQL,JavaScript
- Database Management :MySQL
- Technologies :Html, CSS
- Core Skills :Data Structures&Algorithm,Object-Oriented Programming
- Tools :Git,GitHub,VS Code.Eclipse,IntelliJ IDEA

## PROJECTS :

- **Classroom Security Monitor: Unauthorized Person Detection System | Dec, 2025**  
Tech Stack: Python, OpenCV, TensorFlow, CNN, Flask  
Developed a real-time classroom security system using facial recognition to detect unauthorized individuals. The system compares live camera input with a predefined dataset of authorized users and uses image processing and deep learning techniques for accurate identification and monitoring.
- **Road Lane Localization using OpenCV | Sept, 2024**  
Tech-Stack :Python, OpenCV, NumPy  
Developed a lane detection system for autonomous driving applications using computer vision techniques. Implemented lane boundary detection and direction analysis to support lane departure warning and improve road safety.

## INTERSHIP :

- **Machine Learning with Python**
- Project Intern – Keyan Technology(1 Month)  
Worked on Python, Machine Learning, Data Preprocessing, Model Training, and Data Visualization using Pandas, NumPy, and Scikit-learn.

## ACHIEVEMENTS:

- Solved 100+ coding problems on LeetCode.
- Achieved 2-Star in Java on HackerRank.
- Consistently improving DSA and problem-solving skills through multiple platforms.
